

# THE WEEK IN PICTURES!

"Now this is how to paint your pout!"

**CAPE TOWN**

**SAT 26 FEBRUARY**

Aww, what would Lyndall Jarvis do without her BFF, Roxy Louw? The girls were at the BMW International polo event recently and Roxy saved the day by supplying Lyndall with a much-needed dash of lip colour. We're guessing that the girls must be super close to be applying each other's make-up. Or maybe Roxy's trying out a different career path in case surfing and modelling don't work out for her? You can be our make-up artist any day Rox!
